Do not cook more than three or four at a time. Drain for a moment on unglazed paper, dust with powdered sugar and serve hot.

PEACH DUMPLING

Pare, halve and pit six large ripe peaches and place the halves together as they were cut. Make a dough precisely the same as for shortening, roll thin and cut with a large round cutter. Then place the remaining halves of the peaches in position, fold the

When ready to serve, turn it out carefully and fill the center with rich stewed plums. Pour a little of the syrup over the rice and heap whipped cream over the plums.

Put one large basket of plums into preserving kettle, cover with water and boil until soft. Remove stones and boil them a few minutes in a little water. Add this water to the plums, add one-fourth pound chopped walnuts, one-half pound raisins, six cupfuls sugar, grated peel of four oranges and the juice; do not use the white skin. Boil all together until it thickens. Put in jars boiling hot and seal at once.

cake, fill with the hot plums, cover with more cake and let get icy cold. Serve with cream.

Put three-fourths their weight of sugar in a large stew-pan, and to each pound of sugar add one cupful of boiling water. As soon as sugar and water reach the boiling point, add plums a few at a time, that fruit may keep in better shape during the cooking. Cook until plums are soft, which may easily be determined by piercing with a small wooden skewer. It is an excellent idea to use two kettles, that the work may

be done more quickly and the syrup may not cook too long a time.

Wipe five pounds of plums with a piece of cheesecloth wrung out of cold water, and prick each five or six times, using a large needle. Put two and one-half pounds of brown sugar in a saucepan, and pour over one quart of vinegar; then add two ounces of cloves, one ounce of stick cinnamon broken into pieces, one ounce of allspice-berries, and one ounce of mace (all tied in a piece of muslin). Bring mixture to the boiling point, and let boil ten minutes. Pour over plums, cover, and let stand over night. In the morning, drain plums from syrup again, bring syrup to the boiling point, let boil ten minutes, and pour over plums. Cover, let stand over night, drain, and repeat the process a third time.

PLUM JELLY

Put the plums into the preserving kettle with water to cover. Cook slowly until the plums will mash readily, then turn into a jelly bag, and drip until pulp is dry. Boil the juice rapidly twenty minutes, skim well, remove from fire and measure. Let come to a boil again and add as many cupfuls of sugar as you had juice. Let boil until it jellies, which will be fifteen to twenty minutes. Pour into glasses and when cold cover and put in a cool, dry place.

PLUM JAM

Wash and halve the plums, but do not remove the stones. Add enough water to barely cover and cook slowly, mashing with a wire potato masher several times. When the fruit is soft and the stones have fallen out set aside and let stand until cool. Remove the stones, which will have come to the top. Add pound for pound of sugar to the fruit and juice and cook until thick. If a plum butter or marmalade is desired put through a sieve and re-heat before canning.

PLUM PIE

Cover pie plate with plain paste; fill with the following: Two cupfuls pitted plums, half a cupful of sugar; dredge with flour, add two tablespoonfuls lemon juice and one tablespoonful butter, cover with paste and bake.

SWEET PICKLED PLUMS

Prick four pounds of plums with a needle in two or three places to keep them from bursting. Put them with layers of cloves and cinnamon into glass jars. Make a syrup of two pounds of sugar and one quart of vinegar and pour it hot over the plums. Next day pour off the vinegar, boil it up and pour again over the fruit. Cover the jars. This improves by keeping for some weeks before using.

VI. QUINCES

QUINCE CUSTARDS

Pare, core and slice two quinces and two apples, cover with one pint of cold water and simmer gently until the fruit is very tender, then strain. Return the liquid to the fire and add from one-half to three-quarters of a cupful of sugar according to the acidity of the fruit. Beat well together eight eggs, first putting aside the whites of two. Pour the fruit mixture gradually over the eggs, return to the fire and stir until of a rich custard consistence. In the bottom of each custard cup place a piece of stale cake dipped in fruit juice. When the custard is cool fill the cups and heap on each some of a meringue made by whipping together to a stiff froth the reserved whites of the eggs, three tablespoonfuls of powdered sugar and a few drops of lemon juice.

SPANISH QUINCE PIE

Line a deep earthen pie plate with puff paste, prick it with a fork, and bake brown. When done, fill it with a layer of quince marmalade, and cover with another deep layer of whipped cream, slightly sweetened and flavored with pineapple juice. Decorate with pieces of angelica and preserved cherries, and serve cold.

QUINCE HONEY

Pare, quarter and seed ripe quinces, keeping the parings and cores to make jelly. Grate the pared fruit on a coarse grater, or put through the food chopper using the fine knife. Measure, and for every cup of the pulp allow three-fourths of a cupful of granulated sugar. Make the sugar into a syrup adding enough water to keep from burning, then when it is dissolved stir in the quince pulp and cook slowly until the whole is a rich syrup about like thick honey. Seal while hot.

BAKED QUINCES

Peel and core the quinces, place in a baking dish, fill the cavities with sugar, add a little grated lemon rind, pour in enough water to half fill the dish, cover and bake several hours in a moderate oven. Serve while hot with a hard sauce.

QUINCE AND PEAR PRESERVE

Pare one peck of quinces and cut into one-quarter or one-eighth pieces, just cover with hot water and cook moderately until tender. Take quince out on a platter when cooked, then peel one-half peck ripe pears, cut up in one-quarter pieces, cook in the same liquid until tender. When cooked take out, and put on platter. Make a syrup from the liquid that the fruit was cooked in; to every two cupfuls of liquid add one cupful of heated sugar. Boil

liquid first, then add heated sugar. Cook until a syrup, then add all the fruit. Cook moderately until fruit is thoroughly heated through. Put up in air-tight jars.

QUINCE PRESERVE

Pare, core and weigh the fruit, put in preserving kettle with one pint of water to every pound of fruit, and boil ten minutes, or until tender enough to pass straw through them. If they are not perfectly ripe they will require longer boiling. Take out, one at a time, and place on dishes to drain. Allow one pound of sugar to every pound of fruit. Put the sugar in a kettle with enough water to dissolve it, then put in the fruit and boil until the cloudy look disappears, skimming all the time. Lay the fruit on a dish to cool, then put in jars and pour the hot syrup over it.

QUINCE MARMALADE

Cook the skins of the quinces in boiling water nearly one hour, then drain off the water and pour it over quartered unpeeled quinces from which the seeds have been removed. Let all cook until the quinces are very tender, then press through a fine colander. Measure and allow three-quarters of a cupful of sugar for each cupful of the quince pulp, and cook the pulp for twenty minutes, stirring frequently. Then add the heated sugar, cook to the

consistency of marmalade and store as for jelly or conserve.

PRESERVED QUINCES

Wash, pare and core the quinces, weigh and allow equal weight of sugar. Cover fruit with cold water, cover kettle and cook slowly until thick and dark. Put into sterilized jars.

QUINCE AND SWEET APPLE PRESERVE

Pare the quinces, cut in quarters and remove the cores and woody portions beneath. Cook the skins with water to cover until soft, then strain off this water and in it cook the quinces until tender; add half the quantity of sweet cooking apples prepared like the quinces—it will take much longer for the quinces to cook than the apples. Always let the fruit stand in cold water after peeling until the time for cooking, and only cook as much fruit at a time as the liquid will cover. When all the fruit has been cooked and removed with a skimmer, add to the liquor a pound of sugar for each pound of quince, and half a pound of sugar for each pound of apples. Boil the syrup for five minutes, skim, add the fruit and let cook slowly until transparent and a good color. Drain out the fruit, pack in sterilized hot jars and pour the boiling hot syrup over, filling the jars to overflowing. Seal airtight as for canned fruit.

HONEY QUINCE JELLY

One of the reasons that there are so many failures in making good quince jelly lies in the fact that the quince seeds are cooked with the fruit. These tend to produce a mucilage-like syrup that is very hard to "jell," no matter how carefully it is cooked. To make a jelly with honey, boil the quince juice, secured in the usual manner, for about twenty minutes. Use three-quarters of a cupful of sweetening to each cupful of the juice. Let half the measure of sweetening be strained honey. Boil until the mixture jellies. It should not take longer than five minutes.

VII. APRICOTS

FROZEN APRICOTS

Remove the skins from one quart of canned apricots and cut them in small pieces; add the juice, one quart of water and two cupfuls of sugar and stir until the sugar is dissolved. Freeze and allow the mixture to stand an hour before serving.

APRICOT SOUFFLÉ

Press through a sieve one cupful of stewed apricots, add three-fourths cupful of sugar. Cook until thick; then add the stiffly beaten whites of four eggs. Cut them in, as you would for sponge cake, and bake twenty minutes in a hot oven.

APRICOT SAUCE

$\frac{1}{2}$ cupful apricot jam or	$\frac{1}{2}$ cupful water
juice	1 teaspoonful cornstarch
$\frac{1}{2}$ cupful sugar	1 tablespoonful lemon juice
	few grains salt

Rub the cornstarch smooth with a little of the water and boil all ingredients together for ten minutes. Serve over boiled rice or plain cornstarch pudding.

APRICOT ROLL

Wash a half pound of dried apricots and soak over night. Put to cook in the double boiler next morning in fresh water to cover, adding a tiny pinch of soda to neutralize the acidity. When they have swelled to full size, or in about an hour, sweeten to taste and cook for twenty minutes longer. Meantime make a rich biscuit dough, using whole-wheat flour. Two cupfuls of flour, three teaspoonfuls of baking powder and three tablespoonfuls of shortening, with water or milk sufficient to make a dough, which can be rolled out thin. Roll out thin, spread lightly with butter, then spread with the drained apricots. Sprinkle with sugar. Roll up, pinch the ends to keep together, then bake in a greased pan after rubbing the top with shortening. Baste once with melted shortening mixed with some of the hot fruit juice. When brown remove to platter, and serve with the apricot liquid cooked down until syrupy and thickened with a teaspoonful of cornstarch wet with a little cold water.

DRIED APRICOT SHERBET

Soak half a pound of dried apricots in cold water over night; pour off the water, strain it through cheesecloth and return to the apricots with as much boiling water as is needed to cook them. Let cook rapidly until tender; when done there should be one quart of apricots and liquid; press through

a sieve, add one quart of water, two cupfuls and a half of sugar and the juice of a lemon and freeze as any sherbet. For a smoother sherbet, cook the sugar in the pulp five or six minutes, then cool, add the cold water and freeze.

APRICOT PARFAIT

1 pint of apricot fruit pulp	1 lemon
1 pint of cream	6 almonds, chopped

Add the lemon juice to the fruit pulp and then stir in the cream and the chopped almonds. Put the cream into a mold and pack it in ice and rock salt for three hours. It will make a pint and a half of cream.

APRICOT ICE

Put one quart of apricots through a colander, add the same amount of water, the yolks of four eggs well beaten, sugar enough to make sweet, one pint of cream and then the stiffly-beaten whites of the eggs. Mix together and freeze.

APRICOT ICE FOR AN INVALID

Into a pound baking powder can with tight seams place one-fourth cupful of apricot juice, one-third of a cupful of water and two teaspoonfuls of lemon juice. Sweeten with two tablespoonfuls of syrup made by cooking together for ten minutes equal quantities of sugar and water. Strained and bottled this gives a ripe flavor which the raw sugar

lacks. Ice creams for an invalid should be made of pure, thin cream, flavored. The cooked custard creams are not so easily digested. To freeze, place the can in a larger kettle and surround with three cups of ice to every cup of salt. Be sure the mixture reaches the height of the liquid to be frozen. Twirl the can for about fifteen minutes, and serve immediately. The whole operation should take only one-half hour.

APRICOT SPONGE

1 cupful sugar	½ box sparkling gelatin
1 pound apricots	juice of one-half lemon
	whites of 2 eggs

Soak gelatin in one-fourth cupful of cold water. Cook apricots until soft. Strain, add to juice enough hot water to make two cupfuls and pour over gelatin. Put apricots through colander and add two cupfuls of pulp to gelatin. Beat with wire whip until cold and stiff or nearly so, then add lemon juice and beaten whites of eggs. Beat well and turn into mold. When ready to serve, slice cake and drop a spoonful of whipped cream on each slice.

RICE WITH APRICOTS

Boil one cupful of well-washed rice in a kettle of salted water until tender, turn it into a well buttered mold, tapping and shaking to pack it slightly, then stand over hot water for five minutes. Turn carefully out on a hot platter and over it pour one-half of a can of apricots mashed and heated.

EVAPORATED APRICOT PRESERVE

Soak one pound of apricots over night; add one pound of sugar and cook gently until thick. Serve with cream.

APRICOT MARMALADE

Wipe and cut four pounds of apricots in halves. Remove the stones, cut the apricots in small pieces. Add four pounds of hot sugar and cook slowly for two hours; add the juice of two lemons. Put into jelly glasses and cover.

orange. When done place on hot platter with the rest of orange slices on top.

ORANGE SNOW PUDDING

Beat the whites of the eggs to a stiff froth, stir them into the gelatin mixture when it begins to thicken and beat to a stiff white foam. Turn into a ring mold and put on ice for several hours. Make a custard with the well beaten yolks of eggs, the three tablespoonfuls of sugar and salt, add gradually the hot milk and the grated rind of the orange. Cook in double boiler until the custard coats the spoon, then strain. Fill the gelatin ring with sliced oranges and pour the custard over.

Add sugar to fruit juice, stir the water and cream in slowly until well blended, strain and freeze as for ice cream.

HOW TO SERVE AN ORANGE TO AN INVALID

CANDIED ORANGE PEEL

Scrub the peel carefully; cut the outer yellow rind from the white lining. Cover with water and boil until tender; remove, cut into small strips and cook in the following syrup:

1 cupful of granulated sugar
 $\frac{1}{2}$ cupful water

Let boil one minute, add peel and cook until syrup threads. Take up with skimmer, roll in granulated sugar, dry on wax paper and pack in paper lined boxes until needed.

GRAPEFRUIT MARMALADE (FROM SKINS)

Remove the brown spots from the skins, run the skins through the food chopper. Measure the quantity. Put in a kettle with water enough to a little more than cover and add handful of salt. Let come slowly to a boil and boil five minutes. Put in sieve and allow cold water to run through to remove all the bitter water. Return to kettle and cover as before with cold water. To three cupfuls of chopped skins add half cupful vinegar and five cupfuls sugar. Boil slowly several hours or until

mixture is very thick. The secret is in slow boiling. Use all the skin, white as well as yellow. This is delicious in fruit cake or mince meat.

ORANGE MARMALADE

Wash well two pounds of oranges. Place them in granite saucepan, having fruit well covered with water. Boil them for three hours, turning the oranges often. Let them cool in the water. When cool, cut each orange in four parts, remove the center with a spoon and place in a dish until ready to measure. Cut the yellow peel with scissors into threads. Whip the white of an egg very light and add it to this mixture; pour into a custard cup, set in a pan of water, and bake until firm.

DELICIOUS ORANGE PUDDING

Cover two small oranges, peeled and cut in bits, with three-quarters cupful sugar. Let stand for at least one hour. Prepare a very thick cream by scalding in a double boiler one and one-half cupfuls milk, three-eighths cupful sugar and pinch of salt, thickening with three heaping teaspoonfuls flour mixed smoothly with the yolk of one egg and sufficient cold milk or water to moisten. Cook for five minutes or longer. When cream is cold combine the two mixtures and cover the top with a me-

ringue made as follows: White of one egg, one tablespoonful of cold water, one-third teaspoonful of baking powder, a few grains of salt, beaten to a stiff froth with silver fork. Add two tablespoonfuls sugar and beat again until it will stand alone. Brown in a slow oven. Serve cold.

Beat four eggs with one-fourth of a cupful of sugar. Add the grated rind and juice of one orange and half a lemon and stir into the bread mixture. GRAPEFRUIT PIE

4 tablespoonfuls cornstarch	1 grapefruit
1 teaspoonful melted butter	1 cupful hot water
2 eggs	1 orange
	1 cupful sugar

Blend the cornstarch with just enough cold water to make a paste, stir into this the melted butter, the beaten yolks of the eggs, juice and grated rind of a large orange, the same of a medium sized grapefruit, the hot water and sugar. Put into a double boiler, cook until thick, stirring constantly, turn into a baked crust, cover with a meringue and brown lightly. Serve cold.

ORANGE PUDDING NO. 2

Peel and slice a half dozen oranges, over which sift one cupful of sugar. Boil one pint of milk and thicken with one tablespoonful of dissolved cornstarch. Add the beaten yolks of three eggs just before removing from the stove. Pour this mixture over the oranges. Beat the whites of the eggs with a little sugar, for a meringue, and brown delicately.

GRAPEFRUIT AND RICE

One cupful of freshly boiled rice, one tablespoonful of granulated gelatin, two tablespoonfuls of granulated sugar, and one pint of whipping cream. Soak the gelatin in four tablespoonfuls of cold water for fifteen minutes, set over hot water until gelatin is thoroughly dissolved. Add sugar and rice and when perfectly cold carefully mix in the cream, whipped stiff. Fill a mold—a border mold makes an attractive shape—and stand aside to set. When ready to serve unmold rice, arrange full sec-

tion of grapefruit around the mold and pour sauce in center.

Sauce: Rub three lumps of loaf sugar on the outside of a well-washed orange until as much as possible of the oil in orange peel is absorbed. Cook together one cupful of sugar, including the three lumps, and one-half cupful of water until the syrup spins a heavy thread; it will take about ten minutes. Take from the fire; when cool add one or two tablespoonfuls of some other fruit juice and two tablespoonfuls of finely cut candied orange peel.

ORANGE MARMALADE PUDDING

One-half cupful butter, one cupful sugar, one-half cupful milk, two and one-quarter cupfuls flour, three and one-half teaspoonfuls baking powder, and the whites of four eggs. Combine the above ingredients in the order given and steam together for thirty minutes. When ready to serve, cut in slices and serve with a thick layer of whipped cream on which a spoonful of orange marmalade has been placed.

ORANGE AND HONEY MARMALADE

Peel the required amount of oranges and boil the peel in water until tender. Then cut into strips and remove the seeds from the juice and pulp of the oranges. To two cupfuls of the juice and pulp allow one cupful of strained honey and half a cupful of orange peel.

Place it with the honey in a preserving pan and boil all together for about half an hour, or until the marmalade has reached the proper consistency. Put it into glasses and when cold cover with melted wax.

FROZEN ORANGE PUDDING

Prepare a rich boiled custard by slowly heating a pint of milk in the double boiler, adding two well-beaten eggs and two tablespoonfuls of sugar; stir until it thickens; remove from the fire and flavor with the juice of one orange and the grated yellow rind. While this is cooling, peel two oranges, and, removing pits and every particle of white skin, flake the pulp into small bits with a silver fork; sprinkle liberally with powdered sugar. To the cold custard add a half pint of sweetened whipped cream and turn at once into the freezer, stirring in when half frozen the prepared orange pulp and a small cupful of grated macaroon crumbs; continue the freezing until very stiff and then pack in a melon mold. Unmold on a large platter, decorating with stars of whipped cream pressed through a pastry tube and minced candied orange peel.

ORANGE BAVARIAN CREAM

Soak one-half box of gelatin in one-half cupful of cold water, then dissolve in one-half cupful of boiling water, add one-half cupful of sugar. When cool add two cupfuls of orange juice and pulp. When beginning to jelly stir in one pint of stiffly

whipped cream. Beat until stiff enough to mold. Pour into a wet mold and serve with cream.

ORANGE SHORTCAKE NO. 2

Remove the skin and bitter white covering of three oranges; slice lengthwise, rejecting the seeds and tough center. Add the juice of half a lemon and powdered sugar to sweeten, then stand aside until needed. About half an hour before serving mix and sift together two cupfuls of sifted flour, two tablespoonfuls of sugar and one tablespoonful of baking powder. With the tips of the fingers work in a fourth of a cup of butter, then mix to a soft dough with two-thirds of a cupful of milk. 2 tablespoonfuls lemon juice	$\frac{1}{2}$ cupful fruit
3 bananas	1 cupful powdered sugar
1 tablespoonful grapefruit juice	1 teaspoonful vanilla
	3 eggs

Pour the lemon and grapefruit juice over the peeled bananas and put on the ice for an hour. Mash thoroughly and beat for two minutes. Stir in the sugar and add the whites of the eggs. Beat

all until very light. Add the vanilla. Fill tall glass half full of peaches or any desired canned fruit and fold in the banana fluff. Top each glass with a maraschino cherry.

BANANA SPONGE

Soften one-fourth package of gelatin in one-fourth cupful of cold water. Remove the skin and coarse threads from four small bananas, and press the pulp through a ricer. There should be a generous cupful of pulp. Scald the pulp over a quick fire; add the softened gelatin and stir until dissolved; add half a cupful of sugar and the juice of a lemon, and stir over ice-water until the mixture thickens slightly; then fold in the whites of two eggs, beaten dry. Turn into a mold lined with slices of banana. Squeeze a little lemon juice over the slices of banana to keep them from discoloring.

JUNKET AND BANANAS

Pass the pulp of two bananas through a vegetable press, add two teaspoonfuls of sugar and one-fourth cupful of water; let simmer until thoroughly heated, then add a tablespoonful of lemon juice and half a teaspoonful of granulated gelatin soaked in cold water and dissolved over hot water; mix thoroughly, and pour into the bottom of six custard cups. When cold and set, heat one quart of milk with half a cupful of sugar to blood heat, remove from the fire, add one teaspoonful of vanilla

extract and a teaspoonful of liquid rennet, or one junket tablet dissolved in a tablespoonful of water; mix thoroughly, and pour over the banana in the cups. Serve with or without whipped cream.

BANANA AND DATE PUDDING

Gelatin, three scant cupfuls boiling water, three-fourths cupful sugar, one egg, one lemon, one cupful stoned dates, two bananas. Use amount of gelatin ordinarily required for one quart of jelly and soften it with a little cold water; pour the boiling water onto it and stir until dissolved. Add sugar and stir until that is dissolved. Break egg into a cup and beat until light, fill cup with cold water and add to the boiling water. Let it boil up once, stirring constantly; then remove from stove. Add lemon rind (grated) and juice, also dates, cut into small pieces. Turn into mold. When cold, but not set, add bananas, sliced thin. When hard unmold and serve with whipped cream. This makes enough for seven or eight persons.

BANANA COMPOTE

Slice bananas, oranges and pineapple into a large dish. Mix thoroughly and sweeten to taste. Line sherbet cups with strips of banana, fill the center with the fruit mixture and place a spoonful of sweetened whipped cream and a candied cherry on top of each.

BANANA ICE CREAM

1 pint of milk	$\frac{1}{2}$ pound of sugar
1 pint of cream	pinch of salt
5 bananas	$\frac{1}{5}$ of a nutmeg

Scrape the bananas lightly, after removing the peel, and mash them through a colander. Add to the banana pulp the pinch of salt, stir in the sugar, then the milk and cream. Then grate the nutmeg. Mix well. Churn and freeze in a half gallon can, as ice cream increases in bulk in the process of making.

BANANA TAPIOCA

Slice the bananas and sprinkle with the juice of a lemon. Cook instantaneous tapioca in a double boiler, allowing a cupful to three of water until it looks transparent. Add to it a pinch of salt, the grated rind of the lemon and half a cupful of sugar. Stir the bananas into the tapioca (about three will be the right amount), turn into a buttered pudding dish, put bits of butter on top and bake in a hot oven until the top is browned. Serve cold or hot with sugar and cream.

ROGNONS AUX BANANAS

Veal kidney and bananas are the ingredients of this dish. Take off a little of the kidney fat—use only a half or quarter for one person—and sauté it with butter in quite a hot pan. The kidney must be browned slightly, but still be left a little pink in

the inside. This slight rareness improves the taste and leaves it tender. When cooked, push the kidney to one side and put in a banana, cut in lengthwise slices that have been sprinkled with lemon juice. These will fall to pieces with the cooking. Pile the pulp beside the kidney on a hot plate and serve at once.

BANANA CROQUETTES

Peel and scrape ripe bananas. Cut each one in two pieces and cut off the sharp end, making them look like a croquette. Roll them in chopped nuts of any kind—either peanuts, hickory nuts or walnuts. Lay on a leaf of lettuce and serve with French dressing.

BANANA PUDDING NO. 1

Peel one dozen bananas, pass through a sieve, add five tablespoonfuls sugar, three sponge-cakes crumbled fine, three tablespoonfuls lemon juice, a pint of cream, five tablespoonfuls strawberry jam that has been passed through a sieve, the well-beaten yolks of four eggs. Mix well, add one teaspoonful vanilla, and fold in gently the stiffly whisked whites of three eggs. Butter a mold well, put in the mixture, and steam gently one and one-quarter to one and one-half hours. Cover top of mold with buttered paper. Turn out on hot dish, pour some slightly whipped cream over, and sprinkle top with chopped pistachio nuts.

BANANA PUDDING NO. 2

Peel and slice some ripe bananas, place thick layer in a glass dish and cover with strawberry jam. Boil some tapioca in milk slightly sweetened and flavored with a few drops of vanilla. When cool, put a thick layer on the bananas and jam; add another layer of each, and so on, until the dish is full. Cover the whole with custard into which the pulp of two ripe bananas has been well mixed. The above can be placed in a pie dish and baked and served hot.

BANANA PUDDING NO. 3

Peel and slice six ripe bananas and cook them for ten minutes in syrup made with two ounces of sugar and one-half gill of water flavored with lemon. Cook two ounces of rice in a pint of milk, sweeten to taste, and add it to the bananas. Whisk stiffly whites of two eggs and mix them carefully with the rice and bananas. Pour the mixture into a buttered fire-proof baking dish, sprinkle the top with chopped almonds and sugar, and bake in a moderately heated oven for about twenty minutes. Serve hot.

BANANA CAKE

3 teaspoonfuls baking powder	1 cupful sweet milk
1½ cupfuls sugar	2 tablespoonfuls butter
	1 teaspoonful lemon extract
	3 eggs

Bake in layer tins. The whites of six eggs may be used, if a white cake is preferred, instead of the three whole eggs. Put together as follows:

boiled frosting
3 bananas
rind and juice of one lemon

Put boiled frosting between each layer and place over the frosting bananas cut in thin slices, the pieces joining each other closely. Sprinkle each layer with a little lemon juice and grated peel, and stir a little of the grated peel into the frosting used over the top of the cake.

BANANA PICKLE

1 dozen bananas	½ teaspoonful ground gin- ger
2 pounds Bermuda onions	1 pint vinegar
⅔ cupful molasses	1 pound dates
½ pint water	1 teaspoonful allspice
1 teaspoonful salt	

Cut bananas, dates, and onions into small pieces, add spices, vinegar, water, and molasses, mix well together; turn into a large stone jar or crock, bake in a slow oven till a rich brown, seal in jars while hot.

BANANA OMELET

Peel four not overripe bananas, cut them into round slices (not too thin), melt one ounce of butter in an omelet pan. When hot, put the bananas in and stir them in the butter for a few minutes, then

season with salt and pepper. Break four eggs into a basin, add one tablespoonful of milk, salt and pepper to taste, and beat well. Melt one ounce of butter in an omelet pan, pour in the egg mixture, and stir over a quick fire until the eggs begin to set, then shape into an omelet. Put the prepared banana in the center, fold in the sides of the omelet and let it take color; then turn out into a hot dish and serve.

BANANA OMELET (SWEET)

Proceed the same as directed in the foregoing recipe, but omit salt and pepper, and sweeten with sugar instead. When the omelet is ready to serve dredge the top with icing sugar and glaze the surface by placing it in a very hot oven for a few minutes.

BANANA WITH SAUSAGE

Shape pork sausage meat into little rolls, place them in a frying pan with just enough hot water to cover and let boil one minute. Drain the water off carefully and fry the sausage until crisp over a quick fire. Remove from the pan and keep in a hot place. Peel three or four bananas and slice lengthwise. Put a small piece of butter into the pan in which the sausage was cooked and add the bananas. Fry them over a hot fire until thoroughly heated through. Pile the sausages in the center of a hot platter, arrange the banana slices around the edge and garnish with parsley.

BANANA AND RHUBARB BETTY

1 bunch of rhubarb	1 tablespoonful butter
2 bananas	1 cupful bread crumbs
	$\frac{5}{8}$ cupful maple syrup

Peel the firm, fresh stalks and cut in half-inch lengths. Slice the bananas in thin crosswise slices. Fill a well-buttered baking dish with alternate layers of the fruit, separating the layers with bread crumbs and maple syrup. Finish with a layer of bread crumbs, maple syrup and a few dots of butter. Bake one hour in a moderate oven.

BANANA SANDWICHES

Divide two medium-sized bananas crosswise into halves, then cut each piece lengthwise into slices about one-fourth inch thick. Prepare buttered strips of bread the size of the banana slices. Mix six tablespoonfuls of pulverized sugar with a teaspoonful of lemon juice, spread on the bread and butter and put two strips together with a strip of banana between.

BANANA SPLITS

Use one banana for each person; peel, scrape and cut in two lengthwise. Lay it on a plate, cut side uppermost. Heap a spoonful of ice cream in the center, put a generous amount of whipped cream on that and top with a maraschino cherry.

BANANA SOUFFLÉ

1 cupful thick cream	5 eggs
1 cupful finely sliced bananas	$\frac{1}{2}$ cupful powdered sugar

Whip the cream stiff and fold in the sliced bananas. Beat the eggs until stiff without separating, add sugar, and fold into cream and banana mixture. Half fill buttered ramekins, set them in a pan of hot water, and bake in a moderate oven until light and delicately browned.

BANANA AND PINEAPPLE SALAD

3 large bananas	$\frac{1}{4}$ cupful walnut meats
5 or 6 slices Hawaiian pine- apple	french dressing whipped cream

Peel the bananas and slice lengthwise. Arrange on a salad plate alternately with the slices of pineapple. Dress with French dressing and place the walnut meats on top. Put a little pile of mayonnaise, mixed until stiff with whipped cream, on each slice of pineapple. All of the ingredients should be very cold.

BAKED BANANAS AND APPLES

6 apples	6 teaspoonfuls sugar
3 bananas	1 tablespoonful lemon juice

Prepare the apples as for ordinary baking, but make the hole from which the core is removed large

enough to hold half of a banana. If the latter is too large around, trim it off a little. Sprinkle a teaspoonful of sugar and a few drops of lemon juice over each apple. Bake in a moderately hot oven. This imparts the flavor of the bananas to the apples.

XII. WATERMELONS

WATERMELON AND PINEAPPLE COCKTAILS

Use twice as much chilled diced watermelon as shredded pineapple. Place in cocktail glasses; pour a little juice in and garnish with a sprig of mint.

CANTALOUPE COCKTAILS

Dice the melon and add half the amount of diced ripe peaches. Sprinkle lightly with a little grated nutmeg and marinate on the ice with a little sweet orange juice. Serve very cold.

WATERMELON CONSERVE

Peel and cut the rind into small pieces, cover with weak salt water and let stand over night, then soak in cold water several hours. Drain and add water to cook until clear. Drain and to each pint of melon add one of sugar and one or two lemons sliced. Cook very slowly for two hours.

SWEET PICKLE WATERMELON RIND

Four cupfuls of sugar, two tablespoonfuls cinnamon, one tablespoonful whole clove, two cupfuls vinegar, watermelon rind. Pare the watermelon rind, cut it into two-inch squares and cook it in

boiling water until it is tender. Put the vinegar, sugar and spices (tied in a cheesecloth bag) into a preserving kettle. Boil the mixture ten minutes and then cook it slowly for about two hours or until the syrup is thick. Add the melon rind and simmer it about one hour. Put it into jars.

FROZEN WATERMELON

Cut a melon into halves, and with a spoon scoop out large round pieces, pick the seeds out with a fork, arrange in a pail with powdered sugar sprinkled on each layer and bury in ice and salt four hours.

WATERMELON PRESERVE

This is made from the red part of the melon. Dice the red portion of the melon, removing all seeds and every bit of the white part; weigh and use half as much sugar as you have melon, adding to every six pounds of melon the juice and grated yellow rinds of two lemons. Put all together in a large granite kettle and boil slowly, stirring often, until it is quite thick. At first you will think it is all going to water, but very soon you will notice it thicken. When it has become as thick as you like it seal hot in glass pint jars.

XIII. CITRON MELON

CITRON MELON PRESERVE

Cut open the melon as you would a watermelon, take out inside, just use the rind, peel and cut in cubes or in small pieces. To every pound of citron allow one pound of sugar and one-fourth pound of ginger root. Put the citron melon in water enough to cover, add to this water two teaspoonfuls of baking soda, boil until just tender and cool. When cold soak in strong alum water one hour. Make a syrup of one pint of water and two pounds of sugar. Beat the white of one egg to a stiff froth, add this to the sugar and water, stir, let it boil, skim off the egg. The egg clears the sugar and water. Then add the ginger root and melon and cook in the syrup until clear. Put in glass jars and cover with the syrup.

CITRON PRESERVE NO. 1

Pare citron and take out the seeds, cut in pieces one inch thick and two inches in length. Weigh them, put in kettle with water and cook until clear. Make a syrup of their weight in sugar, add two slices of lemon to each pound of citron, put part of the citron in the syrup and boil about fifteen min-

utes. Skim out and put in jars. When all has been thus cooked boil the syrup thick and pour over the fruit until jars are full. Seal.

CITRON PRESERVE NO. 2

Peel and cut citron in one inch squares, then boil till soft, draw off water; add one pound of sugar to one of fruit. To every five pounds of preserve add one pound of raisins, one lemon sliced, one-half ounce of white cloves, one ounce stick cinnamon. Dissolve sugar; when hot add fruit and let simmer slowly two hours.

BARBERRY SAUCE

Half a peck of barberries, two quarts of molasses, one peck sweet apples. Pick over barberries, remove all stems, wash and boil with water enough to float them. Add the molasses and cook until tender. While these are cooking, pare, quarter and core the apples, skim out the berries and cook the apples in the syrup, as many as can be cooked conveniently. When tender, put them into dish with berries and boil the syrup until thick. Pour over fruit. Next morning heat all together again and seal.

XIV. RHUBARB

RHUBARB PIE

Make and bake the pie crust, or line the pie plate in the usual way and brush the crust with white of egg, then turn in the following mixture: two cupfuls of cut-up rhubarb, two cupfuls of sugar, with which has been mixed two level tablespoonfuls of flour, and stir in, without beating, two eggs. Bake at once with or without lattice top. The amount will make one large and two small pies.

RHUBARB CUSTARD PIE

Add to two well-beaten eggs two heaping tablespoonfuls of cornstarch mixed with two-thirds of a cupful of milk, half a cupful of sugar and one cupful of cooked and sweetened rhubarb. Pour this mixture into a plate lined with good pie-crust and bake. This may be covered with a meringue, or served with whipped cream.

RHUBARB STEWED

2 bunches strawberry rhubarb

1½ cupfuls sugar

Select tender stalks of rhubarb, the strawberry variety if you can get it, wash in cold water, first

cutting off leaf and root ends with a very sharp knife, so as not to start the peel, which is not taken off. Cut them on a board in inch pieces and put in a double boiler and place over a slow fire. Add no water to rhubarb. After it has cooked for half an hour, add enough sugar to sweeten it. Replace the cover and cook until quite soft.

RHUBARB AND ORANGE MARMALADE

18 medium stalks rhubarb
3 large oranges

Slice oranges very fine and cut rhubarb in one-half inch pieces without removing skins. Mix, measure, and add an equal amount of sugar. Mix thoroughly and let stand over night. In the morning, put in the preserving kettle and boil rapidly until a little of it will thicken like jelly when dropped into cold water. Pour into glasses and seal.

RHUBARB WHIP

Whip to a stiff froth the whites of three eggs; beat into them three tablespoonfuls of powdered sugar and a teaspoonful of lemon juice, then about a pint of rhubarb. Sprinkle the top with chopped nuts and serve.

RHUBARB AND PINEAPPLE MARMALADE

5 pounds rhubarb
5 pounds sugar
1 pineapple (grated)

Wash rhubarb and cut in small pieces, add grated pineapple and sugar. Cook very slowly until sugar is melted, then cook moderately until rhubarb goes all to pieces. Pour into tumblers and cover with paraffin.

RHUBARB JAM

1 pound rhubarb
1 pound sugar
 $\frac{1}{2}$ lemon rind

Wash the rhubarb and wipe perfectly dry. Peel and weigh it, mince the lemon rind and add it to the rhubarb. Put in a saucepan with the sugar. Keep it well skimmed and boil until it is thick, about an hour after it begins to boil. Pour into tumblers and cover with paraffin.

RHUBARB BAKED WITH FIGS

Cover well-washed bag figs with boiling water and cook until the water is nearly evaporated. Cut a pound of rhubarb unpeeled, if young, otherwise peeled, in inch pieces; put a layer into a baking dish, sprinkle with a teaspoonful of sugar, add a few figs, then a layer of rhubarb, sugar, and figs, until a pound of rhubarb and half a pound of figs are used; put in a few spoonfuls of hot water and bake, covered, in a slow oven until the rhubarb is tender but unbroken. Dates or raisins may take the place of the figs.

RHUBARB BREAD PUDDING

Pour boiling water on stale bread crumbs and let them soak until soft, then drain, and to a pint of crumbs add one well-beaten egg, one tablespoonful of sugar and a grating of nutmeg. Have ready buttered cups and put into each one and one-half tablespoonfuls of cooked and sweetened rhubarb, put over it the crumb mixture and bake.

RHUBARB MARMALADE

Six pounds of rhubarb, the rinds of three lemons, twelve cupfuls of sugar. Cut the rhubarb into one-inch lengths, put these into a preserving kettle over a slow fire until the juice begins to flow, then add the sugar and the grated lemon rinds. Cook very slowly until sugar is dissolved, then quickly until it will jelly. It should not be at all thin or watery. Keep it well skimmed and avoid as much as possible breaking up the pieces when stirring it. Pour into dry jars and cover tightly. One level teaspoonful of powdered ginger may be used instead of the lemon rind, if preferred.

RHUBARB AND FIGS

4 pounds rhubarb	6 to 8 ounces candied peel
4 pounds sugar	(orange and lemon)
1 pound dried figs	

Wash the figs in hot water, dry them and cut in thin shreds. Choose fresh garden rhubarb, wipe it,

and cut it in small pieces about one inch in length, but do not peel it unless the skin is coarse. Remove the sugar from the candied peel and shred it finely with a sharp knife. Put these three ingredients into a large earthen bowl with the sugar, cover, and let stand twenty-four hours. Then turn all into a preserving pan, bring to a boil, stirring frequently, and boil from three-quarters to one hour or until the jam will set. Pour into glasses and cover.

RHUBARB AND GOOSEBERRIES

2 pounds rhubarb
2 pounds gooseberries
sugar

Wash rhubarb and gooseberries and put in preserving kettle. Boil together until soft and strain through a sieve. Weigh and return to the fire and boil until it looks clear and begins to thicken. Then add sugar of equal weight with fruit. Boil fifteen minutes longer. Pour into jelly glasses.

RHUBARB ICE CREAM

Cut up enough rhubarb, with the red peeling on, to make three pints, and cook until tender in just enough water to cover. Add a pinch of salt, and strain through a fine sieve. Add one pound of sugar; stir until dissolved; when nearly cold add one pint of plain or whipped cream or custard, and freeze.

RHUBARB MERINGUE PIE

1½ cupfuls rhubarb	2 eggs
1 cupful sugar	1 tablespoonful butter
1 tablespoonful flour	

Cover a pie plate with crust and fill with rhubarb mixture, which is put together as follows: Cream butter and sugar, add the slightly beaten egg yolks, flour, and the rhubarb, which has been cut fine, covered with just enough boiling water to cook it, and allow to boil one minute. Bake until firm in a moderate oven. When cool, cover with a meringue, and brown slightly in oven.

Fold in the blueberries, and place in the oven as quickly as possible. Bake gently for thirty minutes. The gingerbread should be about one and one-half inches thick. This is equally good made with sweet cream, omitting one teaspoonful of soda.

STEWED BLUEBERRIES AND DUMPLINGS

Pick over and wash one quart of berries and stew with three cupfuls of water and sugar to taste. When berries start to boil add dumplings and let simmer for fifteen or twenty minutes. Serve with cream.

Dumplings: Two cupfuls flour, one cupful water, two teaspoonfuls baking powder, half teaspoonful salt. Mix and drop into the berries. As the dumplings rise, turn them over with a fork and let simmer. If sauce is too thick add more water to suit taste.

Combine fruit juices, add sugar, let boil until they are very thick and almost jelly, then drop in the raspberries, a few at a time; cook for two or three minutes and remove with a skimmer to small glasses. Serve with foamy sauce.

RASPBERRY JELLY FLUFF

Dissolve one package of raspberry gelatin in one pint of boiling water. Divide it into three equal parts and put one part in a square mold. Spread this mixture over the portion in the square mold and cover with the remaining third. Put in a cold place to harden. To serve, cut in slices, using a knife dipped in hot water; add whipped cream and bits of raspberry jam.

RASPBERRY NECTAR

Dissolve two cupfuls of sugar in the same amount of cold water; add the grated rind of one orange, taking care to use the yellow part only, as the white rind imparts a bitter taste. Bring to a boil. Strain this syrup and add to it the juice of two lemons and two oranges, and one quart of raspberry juice. Set in a cold place and allow it to get ice cold before serving.

RASPBERRY SHERBET NO. 1

1 quart water	$\frac{1}{2}$ cupful orange juice

Fill jars that have been sterilized with the cold preserved raspberries and seal.

CANNED RASPBERRIES

Put a layer of berries then a layer of sugar in a dish until all berries are used. XVIII. STRAWBERRIES

PRESERVED STRAWBERRIES

strawberries
granulated sugar

Use only fresh, clean fruit, and do not wash. Hull the berries, and for each cupful of fruit measure one cupful of granulated sugar, put in an enamel kettle, place at once over a hot fire and stir. The juice thus extracted will make abundant syrup. Boil twelve minutes, and then pour into sterilized jelly glasses. It is best to make this preserve in small amounts as the color and flavor can thus be retained to better advantage. When cold the glasses should be sealed with paraffin. The fruit will keep indefinitely.

STRAWBERRY SOUFFLÉ

Press one quart of hulled strawberries through a sieve; add six tablespoonfuls of sugar and the beaten whites of six eggs. Mix lightly; pour into a buttered dish and bake slowly for forty minutes. Serve at once with cream.

STRAWBERRY ICE

One quart of water, two and one-half cupfuls of sugar, one and one-half cupfuls of strawberry juice, strained. Prepare like lemon ice.

FROZEN STRAWBERRY CREAM

2 cupfuls sugar	1 quart strawberries
1 cupful water	1 cupful cream

Make a syrup by boiling together the sugar and water; add the berries cut into halves and simmer them in the syrup for fifteen minutes. Remove the fruit, add the cream to the remaining syrup, cool and freeze rather soft. Now add the strawberries, pack down closely, and set aside for two hours to ripen.

STRAWBERRY FLUFF NO. 1

1 box strawberries	1¼ cupfuls sugar
2 egg whites	few grains salt
3 tablespoonfuls	cornstarch

Hull the berries, crush and combine with one cupful of the sugar and let stand for at least an hour. Then strain off one and one-half cupfuls of juice and bring to boiling point. In the meantime, mix together the cornstarch, sugar, and salt, add a little of the hot juice, combine the two mixtures, and let boil until a thick paste is formed. It should cook at least fifteen minutes. Beat the egg-whites and pour in the cornstarch mixture, beating constantly. Turn into a mold wet with cold water and let stiffen. Serve with the crushed fruit about the base.

STRAWBERRY JUNKET

Allow one quart of new milk to become lukewarm on the back of the range, then pour it into a glass

dish, sweeten to taste, and flavor with lemon. Add, stirring slightly, one rennet tablet or three-fourths of a tablespoonful of liquid rennet. Then set it away to cool, being careful not to jar it. Just before serving fill sherbet glasses with alternate spoonfuls of the junket and sliced and sweetened strawberries. Heap whipped cream on top, and put one fine large berry dusted with granulated sugar in the center. Serve with any delicate cake.

STRAWBERRY FRITTERS

1 cupful flour	3 tablespoonfuls sugar
½ teaspoonful salt	3 eggs
1 teaspoonful baking powder	milk
	½ box strawberries
	frying fat

Add to the flour, salt, and baking powder, sifted together, the beaten eggs and a very little milk, to form a batter. Cut strawberries into halves, sweeten them, and add to the batter. Drop by spoonfuls into a frying pan in which is a little hot fat; cook until golden brown on both sides, then sprinkle with sugar and garnish with a few fresh berries.

STRAWBERRY ROLL

2 cupfuls flour	1 teaspoonful salt
1½ teaspoonfuls baking powder	milk
2 tablespoonfuls butter	strawberries
	sugar

First, sift together flour, salt and baking powder, rub in the butter, then mix with the milk, as for

biscuit dough. Roll out, spread thickly with strawberries, then with sugar, and dredge a little flour over them. Roll up as for a jelly roll, moistening the edges of the dough with milk that they may stick together; tie in a cheesecloth and steam for one hour. Or, if preferred, lay the roll on a baking sheet, brush over with milk and bake in a moderately hot oven. In either case, serve with strawberry sauce or with any preferred sweet sauce.

STRAWBERRY TRIFLE

Flavor one pint of double cream with half a teaspoonful of lemon extract, then whip to a froth. Arrange finger strips of cake log-cabin fashion in a shallow glass dish and fill the center with alternate layers of the cream and fine ripe sweetened berries. Place the cream that is left in a ring around the outside of the cake.

FROZEN STRAWBERRY NECTAR

Whip one pint of sweet double cream until thick. Fold in two cupfuls of powdered sugar, one-half cupful of finely chopped blanched almonds and one quart of strawberries slightly crushed. Turn into a pudding mold having a tube in the center. Pack in ice and salt, cover with a heavy blanket and let stand in a cool place for three or four hours. Add salt, paprika, lemon juice, and cream beaten until stiff. Moisten cheese with two tablespoonfuls cream, shape like strawberries, using buttered hands, and sprinkle with paprika. Arrange cheese and strawberries on lettuce and pour honey dressing around them.

STRAWBERRIES AND PINEAPPLE

Wash and hull large strawberries, allowing six or eight to a person; cut fresh ripe pineapple in strips about one quarter inch thick and one inch long, insert in the berries to replace the hulls. Arrange individually and garnish with whipped cream, which has been sweetened to taste with powdered sugar.

STRAWBERRY TAPIOCA

1 cupful tapioca	$\frac{1}{2}$ cupful sugar
1 pint boiling water	$\frac{1}{2}$ box strawberries
juice of half a lemon	

Cook the tapioca in the boiling water until clear, using a double boiler for the purpose. Crush the strawberries slightly, add them to the tapioca, together with the sugar, cook ten minutes, stir in the lemon juice and set aside to cool. Serve plain, or with custard or cream.

STRAWBERRY SAUCE

1 cupful powdered sugar
3 tablespoonfuls butter
6 or 8 ripe strawberries

Beat the butter and sugar to a cream as for hard sauce, and during the beating add the berries, one at a time, mashing them thoroughly in with the other ingredients. When all have been added, pile the sauce high in a dish and set aside to cool until needed. This is good served with any plain hot pudding.

STRAWBERRY NESTS

Soak half a box of gelatin in half a cupful of cold water for half an hour, then add a pint of boiling water, a cupful of granulated sugar, and the juice of two lemons. Mix in the whites of two eggs, well beaten, and stir over the fire until the gelatin is dissolved, but not allowed to boil. Tinge it a very delicate green with a little vegetable coloring. Strain, and after slightly cooling put a spoonful in the bottom of each individual mold. Small bowls do nicely for these. Let the jelly harden in

the molds, then stand smaller molds, which may be tumblers, inside on the jelly. Fill the space between the two bowls with the jelly and let it harden. After brushing the inside of the smaller mold with hot water remove it carefully. Fill the space vacated with strawberry charlotte, and stand in a cold place for at least four hours.

JELLY RUSSE

1½ tablespoonfuls gelatin	1 cupful strawberry syrup
¼ cupful cold water	2 cupfuls cream
⅓ cupful boiling water	1 small jelly roll

Line a charlotte russe mold with slices and fill with the mixture, chill, and unmold for serving.

STRAWBERRY PUDDING

Cream one-half cupful of butter with six tablespoonfuls of sugar, add two well-beaten eggs, one

cupful of flour, pinch of salt, one-half teaspoonful of baking powder, one tablespoonful of strawberry jam and a few drops of red color. Pour into buttered pudding mold, cover with buttered paper and steam gently for two hours. Turn out and decorate with ripe strawberries which have been slightly stewed in syrup. To make the syrup, mix one cupful of sugar and one-half cupful of water and boil for two minutes.

STRAWBERRY SYRUP

Boil a cupful of fresh strawberry juice (obtained as in making jelly) with a cupful of sugar to a thick syrup; cool, add a tablespoonful of lemon juice and pour into a sauceboat. Serve icy cold with portions of ice cream. Red raspberries, cherries, peaches, grapes, quinces, in fact any kind of fruit, may be used for these delicious syrups, affording opportunity for unlimited variety. It is an excellent plan to make and bottle these syrups in season, using preferably bottles that are small enough to hold only sufficient for one serving. However, the juice of canned fruit may be used when fresh fruit is not obtainable, but allow only half a cupful of sugar to a cupful of juice.

STRAWBERRY SORBET

3 cupfuls of sugar	3 pints of water
2 lemons	2 quarts of strawberries
1 pint of cream	

Press the strawberries through a fruit sieve, then add one cupful of sugar. Mix the grated rind of one lemon with the remaining two cupfuls of sugar. Then add water and boil twenty minutes. When thoroughly cool, add the mashed strawberries and lemon juice. Freeze twenty minutes, then add cream, which should be whipped to a stiff froth, then freeze again until thoroughly frozen.

STRAWBERRY BAVARIAN CREAM

Soak one tablespoonful gelatin in cold water five minutes, and dissolve by standing the cup containing the mixture in hot water. Strain into the strawberry juice mixed with the lemon juice. Add sugar

and when the sugar is dissolved set the bowl containing the mixture in a pan of ice water and stir until it begins to thicken; then fold in cream. Turn into a wet mold lined with strawberries cut in halves, and chill. Garnish with whole strawberries and leaves.

STRAWBERRY COTTAGE PUDDING

Rub to a cream one tablespoonful of butter and half a cupful of sugar; add one beaten egg, half a cupful of milk and finally one cupful of flour mixed and sifted with two teaspoonfuls of baking powder and half a saltspoonful of salt. Beat thoroughly, turn into a pan having a tube in the center and bake half an hour. Turn out on serving dish, fill the center with fresh strawberries cut in halves and sweetened, and serve with whipped cream sauce.

Whipped cream sauce: Beat the white of one egg to a foam, add one cupful of heavy cream and beat until thick, then add half a cupful of powdered sugar and flavor delicately with orange extract.

STRAWBERRIES AND BONNY CLABBER

To make bonny clabber take milk that is just at the turning point and set it in the sun or in a warm place by the fire where it will complete the souring quickly, turning to the consistency of baked custard. It should then be set on ice and kept cold until just ready to serve. It is a good plan to pour the milk

into a glass bowl before it sets, as it looks more attractive when brought to the table without having been poured out of one dish into another. It may be eaten plain with the strawberries, or with sugar, cream and grated nutmeg.

STRAWBERRY RICE

One-third cupful of rice, three cupfuls milk, one-quarter level teaspoonful salt, one cupful ripe berries, one-half cupful water, one cupful sugar, chipped rind of one half orange. Wash the rice, put milk into a double boiler, add rice, salt and cook until the rice is soft and has absorbed all the milk, turn into individual cups or a large mold and when cold turn out and serve with strawberry sauce. Put the sugar and water and the orange rind into a small saucepan, heat slowly, stirring until the sugar is dissolved. Boil gently to a heavy syrup, one that will spin a thread when dropped from the tip of a spoon, remove from fire and add berries which have been washed, hulled and cut into halves.

STRAWBERRY FILLING FOR LAYER CAKE

Whites of two eggs, beaten until stiff, add one cupful confectioner's sugar, one cupful crushed strawberries. Beat for about one-half hour with egg-beater, and spread on cake.

STRAWBERRY SPONGE

To two cupfuls of strawberries, hulled and washed, add one and one-half cupfuls of cold water and cook ten minutes with one-half cupful of sugar. Put through a fine strainer and add one tablespoonful of granulated gelatin. Pour into a dish to cool. When it begins to congeal, add the whites of two eggs which have been beaten stiff. Whip the whole with an egg-beater and turn into custard cups or frappé glasses. Serve with a soft custard made with the yolks of the two eggs and one whole egg, beaten with one-half cupful of sugar and a few grains of salt. Pour on two cupfuls of hot milk and cook in a double boiler a few minutes. Serve both ice cold.

STRAWBERRY OMELET

STRAWBERRY COCKTAILS

Select large perfect berries and cut them in halves, saving every particle of juice. For four portions use half a box of ripe berries and add the

juice and pulp of one large orange, three tablespoonfuls of honey, the juice of one lemon and four tablespoonfuls of shaved (not chopped) ice. Fill into cocktail glasses and insert in each a sprig of fresh mint.

ICED STRAWBERRY FOOL

Crush one pound of fresh strawberries in a bowl with the strained juice of one-half lemon and three-fourths of a cupful of sugar. Rub them through a fine sieve. Beat one cupful of cream, stir into this the strawberry purée, add a little more sugar if not sweet enough and just a drop or two of red color. Freeze and serve in glasses.

STRAWBERRY PIE

Wash and hull one basket strawberries add one generous cupful of sugar and a little water. Bring quickly to a boil before the berries get broken or

lose their color. Thicken with cornstarch dissolved in a little cold water. Bake with rich crust with lattice top. May be served with cream.

STRAWBERRY MERINGUE

Make a puff paste, cut out the size of a dinner plate, bake to a light brown in a quick oven. Add one-third cupful powdered sugar, two-thirds cupful rolled macaroon drops, one-half tablespoonful vanilla, and a few grains salt. Pour on enough strawberry juice to overflow the mold, cover with buttered paper and with the tin cover. Pack in equal parts of ice and salt and let stand three hours.

$\frac{1}{2}$ cupful water	$\frac{1}{4}$ teaspoonful orange ex- tract
1 pint milk	whipped cream

Stew the gooseberries and the cupful of sugar and water together till soft, then strain. Make a boiled custard of the milk, egg yolks, remaining sugar, and flavoring, stir in the gooseberries, chill, and serve very cold in a deep glass dish with the whipped cream piled on top.

PRESERVED GOOSEBERRIES

Twelve pounds of gooseberries, eight pounds of sugar, one quart of water. Let the sugar and water boil twenty minutes, stir in the fruit and cook gently until fruit is tender, stir as little as possible and do not boil. Seal while hot.

SPICED GOOSEBERRIES

Cap and stem five pounds of gooseberries, add four pounds of sugar, one pint of cider vinegar and two tablespoonfuls each of ground cinnamon and

cloves. Cook slowly for two hours, stirring frequently to prevent burning, turn into jelly glasses and seal with paraffin when cold.

GOOSEBERRY AND CURRANT JAM

Make a syrup with the currant juice and the sugar; then add the gooseberries that have been stemmed and tailed. Simmer slowly until the berries are a clear red color, then fill into glass jars. Boil the juice down to the jelly stage, and pour over the fruit and seal.

BAR-LE-DUC GOOSEBERRIES AND CURRANTS

Take an equal quantity of gooseberries and currants, and to each pound of the fruit allow an equal quantity of sugar. Add just enough water to the sugar to dissolve it, and boil to the consistency of honey; then add the currants and gooseberries and boil the juice to a thick jelly-like syrup, or until it coats the skimmer; pour into jelly-glasses or pint jars, and seal. Either currants or gooseberries may be used alone.

Use one medium-sized pineapple to each two quarts of gooseberries and about four pounds of sugar. Carefully prepare the fruit. Add enough water to dissolve the sugar, boil to the consistency

of honey, add the fruits and simmer slowly for several minutes. Boil the syrup until it thickens, and pour over the fruit. Fill the fruit into jars, and seal.

GOOSEBERRY FOOL

Stew one quart of gooseberries in the smallest possible amount of water. When soft, rub them through a sieve to remove the skins. Press hard so that every bit of the pulp will go through. Add sugar to make as sweet as desired, and to every pint of pulp add very slowly one pint of cream or rich milk. Serve very cold with delicate cake.

GOOSEBERRY PUDDING (BOILED)

Line a pudding dish with rich biscuit crust rolled one-half inch thick. Fill with uncooked gooseberries, liberally sprinkled with brown sugar, and cover with a top crust. Pinch the edges of the crusts well together, tie over it a floured cloth, and boil for two and a half hours in water which must not cease boiling from the moment the pudding is put in until it is done. Serve with sweet sauce.

GOOSEBERRY ICE

Cook one quart of gooseberries in one pint of water, sweeten to taste and strain. Add six lemons, two quarts of water, sugar enough to sweeten, and freeze slightly. Add the beaten whites of four eggs or one pint of cream and finish freezing.

GOOSEBERRY CONSERVE

Five pounds of gooseberries, four pounds sugar, one and one-half pounds of seedless raisins, juice and chopped rind of four oranges. Boil about forty-five minutes or until it is the consistency of jam.

GOOSEBERRY PUDDING

Cut the tops and stems from a quart of gooseberries, add one cupful of water and simmer until soft, then drain off the water and rub the berries through a colander. Put two cupfuls of the pulp in a double boiler, add the beaten yolks of four eggs and one cupful of sugar, stir until thick, remove from the fire, stir in the stiffly beaten whites and flavor with two tablespoonfuls of orange flower water. Serve cold.

GOOSEBERRY SOUFFLÉ

Boil one quart of fine gooseberries in just enough water to keep from burning. When soft, press through a sieve. Beat in the whites of five eggs which have been whipped to a stiff froth with half a pound of powdered sugar. Flavor with nutmeg and lemon. When very stiff, whip lightly in the stiffly whipped whites of three more eggs, and set the dish in a hot oven for five minutes before serving.

GOOSEBERRY BREAD PUDDING

Stew one quart of gooseberries until soft; mash to a pulp, and add two cupfuls of sugar, one cupful of bread crumbs, the yolks of four eggs and the whites of two beaten separately, and a tablespoonful of butter. Bake in a moderate oven for twenty minutes. Then remove to the edge of the oven and spread over the top a meringue made with the whites of two eggs and two tablespoonfuls of powdered sugar. Return to the oven again and brown very delicately with the oven door partly open.

GOOSEBERRY SPONGE

Soak one-half box of gelatin in half a cupful of cold water for one hour. Cook one quart of gooseberries in a very little water until soft. Press them through a sieve, and sweeten with half a cupful of sugar. Boil one cupful of sugar with one cupful of water for twenty minutes. Add the soaked gelatin to the boiling syrup, and stir until it is all dissolved. Remove from the fire and add the gooseberry pulp. Turn into a bowl and set this in a pan of cracked ice. Whip with an egg beater for five minutes or until it begins to thicken. Then beat in the stiffly whipped whites of four eggs, and whip until it is quite stiff. Pour into wetted molds and set on ice. When time to serve, turn out on a glass dish, and serve with whipped cream.

GOOSEBERRY MERINGUE

Cut off the tops and stems from one quart of gooseberries, cook them in one cupful of water until tender. Press through a colander to remove the skins, place over boiling water, stir in two teaspoonfuls of butter, one and one-half cupfuls of sugar and the beaten yolks of three eggs and cook and stir until the eggs are set. Turn into a dish, cover with the whites of the eggs beaten until stiff and sweetened with three tablespoonfuls of sugar and brown delicately in the oven. Serve cold.

STEWED GOOSEBERRIES

Cut the tops and stems from one quart of gooseberries, add one cupful of water and two cupfuls of sugar and cook very gently until soft.

XX. ELDERBERRIES

ELDERBERRY WITH APPLE FOR JELLY

Cut up apple peelings and cores and cover them with hot water; then remove the coarse stems from about one-third as many elderberries and place them on top of apples, stew and proceed as for any apple jelly.

ELDER BLOSSOM WINE

Allow a gallon of water to each quart of stripped flowers, and to each gallon of water three pounds of sugar. Make a syrup of the sugar and water, skimming well, and pour while boiling hot over the flowers. For each gallon of this liquid add the juice of one lemon and a heaping dessertspoonful "home brewed" hop yeast, stirring thoroughly. Place in an earthen receptacle, cover with a heavy cloth and let ferment three days. Strain and add the beaten white of one egg, stirring it well through the liquid. Allow for each gallon of wine a little over a pound of raisins, chopping them and placing them on the bottom of the cask, pour over the liquid, close the bung and in six months it will be found ready for use.

ELDERBERRY WINE

Extract the juice; for every quart of juice add two quarts of water and three pounds of sugar. Put in boiler and bring to a boil, add sugar, let boil ten minutes, put in jugs. Fill every day until it stops working. Have enough left to refill as it works away.

XXI. CRANBERRIES

CRANBERRY MARMALADE. TO SERVE WITH MEATS

Wash three quarts of cranberries, barely cover with water and cook until the berries are tender. Press through a sieve and add to this juice and pulp six pounds of warm sugar, two pounds of seeded and chopped raisins and four large, very clean oranges. The oranges should be minced fine, thus using skin and pulp, but the seeds should be picked out. Cook until thick and turn into glass jars. The orange skins must be cooked until thoroughly tender.

FROZEN CRANBERRIES

4 cupfuls cranberries
 $\frac{2}{3}$ cupful seeded raisins
 $2\frac{1}{2}$ cupfuls sugar

2 cupfuls boiling water
juice one orange
juice $\frac{1}{2}$ lemon

Cut raisins in halves, add to cranberries with sugar and water and cook fifteen minutes, skimming when necessary. Add fruit-juices, rub through a purée-strainer, cool and freeze to a mush, using three parts of ice to one part of salt.

SPICED CRANBERRIES

2 quarts cranberries	2 tablespoonfuls ground
$\frac{2}{3}$ pint vinegar	cinnamon
$\frac{2}{3}$ cupful water	1 tablespoonful ground
6 cupfuls sugar	cloves
1 tablespoonful allspice	

Combine the ingredients, boil gently for forty-five minutes, and put up as usual in jars or glasses.

CRANBERRYADE

One quart of cold water, one quart of cranberries, the juice of two lemons, the juice of two oranges and one and a half cupfuls of sugar. Cook the cranberries in water till they burst, add the sugar, boil one minute, cool, strain, add the fruit juice and dilute to the desired strength with cold water.

CRANBERRY PUDDING

Two cupfuls cranberries, one cupful seeded raisins, one cupful dry breadcrumbs, one and one-half cupfuls flour, three-quarters cupful honey, one teaspoonful salt, one cupful beef suet, one teaspoonful cinnamon, one-half cupful water. Cut the cranberries in halves, put in bowl, add the crumbs, flour and suet, put through the food chopper or chop on board, add raisins, which have been floured, honey and salt. Mix all well together, add water enough to hold together. Brush mold with butter, put in mixture, cover and boil slowly one and one-

half hours. Or the mold can be set in a pan of water, covered and put in oven two hours.

CRANBERRY JELLY

Pick over and wash four cupfuls of cranberries. Put them in a saucepan with two cupfuls of boiling water and boil twenty minutes. Rub through a sieve, add two cupfuls of sugar and cook five minutes. Turn into a mold or jelly glasses.

CRANBERRY PIE

Into a saucepan put one and a half cupfuls of cranberries, three-quarters of a cupful of sugar, one-half cupful of water. Cook ten minutes. Cool and bake in one crust with a rim and strips across.

STEAMED CRANBERRY PUDDING

$\frac{1}{2}$ cupful butter	$1\frac{1}{4}$ tablespoonfuls baking powder
1 cupful sugar	$\frac{1}{2}$ cupful milk
3 eggs	$1\frac{1}{2}$ cupfuls cranberries
$3\frac{1}{2}$ cupfuls flour	

Cream the butter, add the sugar gradually, and eggs well beaten. Mix and sift flour and baking powder and add alternately with milk to first mixture. Stir in the berries, turn into buttered mold, cover and steam three hours. Serve with cream.

CRANBERRY PUFFS

2 cupfuls cranberries	1 cupful milk
2 cupfuls flour	4 teaspoonfuls baking powder
4 tablespoonfuls shortening	1 teaspoonful salt
2 eggs	

Mix and sift dry ingredients, add shortening and chop until mealy, add well-beaten eggs and cranberries. Pour into pop-over bowls and steam an hour and a half. Serve with hard sauce.

XXII. CURRANTS

CURRANT PIE NO. 1

Two cupfuls of currants and one cupful of sugar. Cook one minute and add one teaspoonful of vanilla. Pour into a deep pie plate with crust, sprinkle with flour and cover with top crust.

BAR-LE-DUC CURRANT JELLY

Clean and pick overripe currants, detaching the stems; to each pound of fruit allow a pound of granulated sugar. Pour the sugar on the currants, set in a cool place and let them stand over night. Next morning turn the berries carefully into a colander so as not to break them and let the juice drip from them. If the mixture is too thick to let the juice flow freely add a little water. Put the syrup over the fire and cook steadily for half an hour. Drop in the currants and cook slowly for fifteen minutes. Put up in jelly glasses or small jars. This is nearly as good as the imported bar-le-duc, and is better at the end of a few months than when first made.

CURRANT PIE NO. 2

2 eggs	1 cupful mashed currants
1 cupful sugar	2 tablespoonfuls granulated
1 tablespoonful flour	sugar
2 tablespoonfuls water	

Fill a pie plate with crust with the following mixture: Beat the egg yolks with the sugar and add the flour, water and currants, which have been washed, stemmed and mashed. Mix thoroughly and bake until done. When cool cover with a meringue made by beating the whites of the eggs very stiff, adding gradually with the egg beater the sugar. Put in a moderate oven for about eight minutes.

SPICED CURRANTS

4 quarts fresh currants	1 tablespoonful liquid all-
8 cupfuls sugar	spice
1 pint vinegar, medium	1 tablespoonful liquid
strength	cloves
	1 tablespoonful liquid cin-
	namon extract

Mix together the sugar and vinegar and let boil for ten minutes. Then add the extracts. The currants should be picked from the stem, washed and drained. Put about a half cupful at a time into the boiling syrup, then skim out and continue in this way until all are cooked. Remove any scum that may arise. After all the fruit is cooked, boil the syrup down until so rich and thick that it almost jellies, add the fruit again, let come to a boil, and seal in sterilized glasses. This is delicious with cold meats, and if diluted with crushed ice and ice water, makes a delicious currant drink.

CURRENT ICE

Boil two cupfuls of sugar and one cupful of water until it spins a thread, remove from the fire,

add three cupfuls of currant juice, strain, chill, turn into the freezer, pack in salt and ice, and partially freeze. Beat the whites of two eggs until stiff, fold in two tablespoonfuls of powdered sugar and add to the first mixture. Continue freezing until solid and let stand two hours to ripen.

BLACK CURRANT PUDDING

Make a biscuit batter and roll about one-fourth inch thick. Wash currants and shake, so just a little water is left on them. Place in baking dish, insert a cup or bowl (according to amount of fruit) in center of dish, add sugar to taste, lay on crust and bake. When done remove cup at table and the juice which has cooked into cup instead of over crust is like wine sauce.

CURRANT CROQUETTES

Pour one cupful of hot milk over two cupfuls stale cake crumbs, stir and cook over boiling water for five minutes, then add one-half cupful of currants, one-half cupful of chopped nut meats and one-eighth teaspoonful of salt. Remove from the fire, add immediately the beaten yolks of two eggs, flavor with one teaspoonful of vanilla and spread on a buttered plate to cool. Shape into croquettes, roll in fine crumbs, dip in beaten egg, roll again in crumbs and fry in deep hot fat. Serve with sauce.

CURRANT RELISH

Five cupfuls of clear red currant juice, four cupfuls of white sugar, pinch of salt, two cupfuls of stoned raisins, the grated yellow rinds of two oranges and the juice and pulp of the oranges. Boil about twenty minutes and skim carefully. If the raisins and juice look clear and rich it is cooked enough. Put in jars and seal.

A CURRANT PUNCH

Put in a saucepan one cupful of sugar, three quarts of water and two tumblers of red currant jelly. Let it boil until the jelly is thoroughly dissolved, then add the juice of three oranges and three lemons. Strain into a punch bowl and add to the beverage a large piece of ice. Scatter over the top of the punch a handful of ripe red currants stripped from their stems.

CURRANT MERINGUE PIE

Mix one cupful sugar and one fourth cupful flour, add yolks of two eggs, slightly beaten and diluted with two tablespoonfuls water. Wash currants, drain, and remove stems. Add one cupful to the first mixture, bake in one crust; cool, and cover with

Meringue: Beat the whites of two eggs until stiff. Continue beating while adding gradually two tablespoonfuls powdered sugar. Add one-half

tablespoonful lemon juice, spread on pie and bake fifteen minutes in a slow oven.

RED CURRANT WINE

One quart of water to each quart of juice. One pound of sugar to each quart of syrup. Crush the currants by rubbing them through a fine hair sieve, measure the juice, and add as much water; then pour over the sugar, allowing one pound to each quart; let this stand all night to dissolve; put into stone bottles, and as it works over refill the bottles for two or three days. Put it in a warm place for three weeks, and then lightly cork until it stops fermenting, then cork firmly, and watch that they do not fly; bottle in six months, taking care not to disturb the sediment at the bottom. The longer it stands before bottling the better.

XXIII. GRAPES

SPICED GRAPES

Seven pounds of grapes, four pounds of sugar, one pint of vinegar, one tablespoonful each of cinnamon and cloves, one teaspoonful allspice. Boil slowly two hours and put into jars.

GRAPE CUP

Either Malaga or Concord grapes may be used. Crush three pounds of grapes, add four whole cloves, a scant teacupful of sugar, the juice of four oranges with a little of the grated rind and a leaf or two of lemon verbena. Bring to boiling point, cool, and let it stand in the ice chest to ripen for two or three hours. When ready to use press through a sieve, stirring in the stiffly beaten whites of three eggs, a quart of unfermented grape juice and a pint of seltzer; turn into a glass pitcher filled a quarter of its depth with pounded ice, and serve in tumblers.

MALAGA GRAPE SALAD

Remove skin and seeds from Malaga grapes and add an equal quantity of English walnuts or pecans broken in pieces. Serve on lettuce leaves with

French dressing and garnish with maraschino cherries.

GRAPE FLUFF

Soften half a tablespoonful of granulated gelatin in a couple of tablespoonfuls of cold water: add half a cupful of boiling water, and dissolve. Add a quarter of a cupful of sugar, juice of half a lemon, and a quarter of a cupful of grape juice; strain, pour into a wet mold, and when firm force through a potato ricer. Serve very cold.

GRAPE MERINGUE TART

Make a rich pastry as for pie and line with it a deep tart or pudding form. Chill, brush with white of egg, prick with a fork and bake. Beat the whites of four eggs to a stiff, dry froth, add a cupful of sugar, vanilla to flavor and then gently incorporate two cupfuls of grapes. Drop by the spoonful into the baked shell and bake in a slow oven until the meringue seems firm to the touch.

GRAPE JUICE

Ten pounds of grapes, three pounds of sugar, one cupful of water. Pick the grapes from the stems and wash clean; put them on the stove in a kettle with a little water, and cook until tender. Strain through a flannel bag. Do not squeeze it. Return juice to the kettle, add sugar and boil five minutes. Seal in glass jars when boiling hot. Slant

the jars when filling to prevent cracking. When serving add nearly the same amount of water.

GRAPE CATSUP

To five pounds of grapes take one pint of vinegar, cook until it can be strained through a sieve. To the juice add two pounds of sugar, one teaspoonful of black pepper, one teaspoonful of cloves, one teaspoonful of salt and one tablespoonful of cinnamon. Cook down to about two quarts.

GRAPE JUICE JELLY

Soak an envelope of granulated gelatin in half a cupful of cold water for five minutes, then dissolve it and three-quarters of a cupful of granulated sugar in two cupfuls of boiling water and a cupful of grape juice. Let cool somewhat, then add a cupful of skinned, seeded and halved Malaga grapes. Turn into a mold wet with ice water and stand in the refrigerator or very cold place overnight. Serve with plain cream.

GREEN GRAPE JELLY

Pick the grapes when just beginning to turn. Pick them over, wash and remove stems; put into preserving kettle. Heat to boiling point, mash and boil thirty minutes. Strain through a coarse strainer, then allow juice to drop through a double thickness of cheesecloth or a jelly bag. Measure, bring to boiling point and boil five minutes; add an

equal measure of heated sugar, boil two minutes, skim and pour into glasses. Place in a sunny window and let stand twenty-four hours. Cover and keep in a cool, dry place.

GRAPE WINE

Twenty pounds of grapes, ten pounds of sugar, six quarts of boiling water. Mash the grapes in a stone jar, pour on them the boiling water and let it stand three days, covering the jar to keep out dust. Strain the fruit and juice through cheesecloth bag, return the juice to the jar, add the sugar and let it remain until fermentation has ceased. Take off the screen, strain the juice and bottle tightly, pouring melted sealing wax on the corks. Lay the bottles on their sides in a cool place.

SPICED GRAPE JELLY

Set the stemmed grapes in the oven until well heated through. The fruit should be well colored, but not ripe. Crush and strain the juice through double cheesecloth, measure and set aside a cupful of sugar for every pint of juice and add half a teaspoonful of cinnamon and cloves. Boil the juice rapidly twenty minutes, add the sugar hot and the spices. Boil ten minutes or until it jellies.

GRAPE COCKTAILS

Place in each glass three tablespoonfuls of the grape pulp, add one tablespoonful of diced sweet

pear and cover with chilled grape juice. (Individual portion.)

GRAPE MARMALADE

Pick over, wash, drain, and remove stems from grapes. Separate pulp from skins. Put pulp in preserving kettle, heat to boiling point and cook slowly until seeds separate from pulp, then rub through a hair sieve. Return to kettle with skins, add an equal measure of sugar and cook slowly thirty minutes, occasionally stirring to prevent burning. Put in a stone jar or tumblers.

GRAPE SPONGE PUDDING

Make grape juice by washing purple grapes, then mash or pulp them and cook slowly till soft, then strain. Take one cupful grape juice, one cupful water, boil and thicken with two heaping tablespoonfuls of cornstarch and pinch of salt, wet with a little cold water, add one-half cupful sugar and stir constantly until thick. Let it cook (in double boiler) while beating the whites of two eggs to a stiff froth, then pour the hot mixture onto the eggs. Mix well. Serve cold, with custard sauce made with yolks of two eggs, two heaping tablespoonfuls of sugar, one even tablespoonful of sifted pastry flour, one-quarter teaspoonful of salt and one pint of hot milk. Cook till thickened, stirring constantly.

GRAPE CRAB-APPLE PRESERVE

To each two pounds of grapes use one pound of crab-apples. Stew the grapes and the crab-apples until soft, then pass through a sieve. To each pint of pulp add one cupful of sugar and one-half teaspoonful of cinnamon, if liked. Simmer slowly until of the right consistency for preserve or jam.

GRAPE SHERBET

One quart of milk, one pound of sugar, one cupful of grape juice, the juice of one lemon. Mix and freeze.

GRAPE JUICE FRAPPÉ

1 quart of grape juice	2 large lemons
1 quart of water	1½ cupfuls sugar
juice of 4 oranges	½ pint cream

Mix and pour into the can of the freezer. Churn until half frozen. Serve in punch cups. Decorate with whipped cream. The cream should be sweetened only a little if at all. This is sufficient for sixteen small glasses.

GRAPE JELLY

Pick grapes from stems and wash. Put grapes into boiling water. Let boil until soft and seeds are free; then strain and measure juice. Put juice to boil. Have the same amount of sugar in a deep bowl. Try a spoonful of juice and the same of sugar and see if it will jelly by stirring together.

If so, pour juice on the sugar in dish and keep stirring. When the sugar is all dissolved it will thicken; then pour into glasses. All jellies can be made this way. If when you try the little sugar and juice together it does not jelly boil the juice a little longer and try again.

MALAGA GRAPE TARTS

Boil two cupfuls of water and one cupful of sugar five minutes, add one-half box of gelatin softened in one-half cupful of cold water, stir until dissolved, then add the grated rind of one lemon and the juice of three, let stand five minutes and strain. Partly fill baked pastry shells with Malaga grapes from which the skins and seeds have been removed, pour in the jelly when it begins to stiffen and place on ice until firm.

XXIV. CHERRIES

CHERRY WATER ICE

Weigh the fruit and sugar; allow a pound and a half of loaf sugar to each pound of fruit, half of a pint of water and the white of one egg. Stone the cherries before weighing, place them in a preserving kettle on the back of the range, letting them stand until the juice starts freely, but do not boil. When ready turn into a jelly bag and press thoroughly. Combine the sugar, water and whites of eggs, let these boil, skimming occasionally until rich and transparent. Remove from the fire, add the juice, pack in a freezer and treat the same as ice-cream.

CHERRY BAVARIAN CREAM

Soak one-quarter of a box of granulated gelatin in one-third of a cupful of cold water, then set over hot water until melted. Whip one pint of very heavy cream to a solid froth, keeping it very cold. Gradually and lightly stir into it one-third of a cupful of powdered sugar and the melted gelatin. As the mixture thickens add gradually one teaspoonful of vanilla, and two-thirds of a cupful of candied cherries which have been cut fine. Turn into in-

dividual molds or one large one and set away to stiffen.

CHERRY SHORTCAKE

Pit one quart of fine sweet cherries, cut them in halves with a silver knife, sprinkle generously with sugar and let stand one hour. Sift one pint of flour with one-half teaspoonful of salt and two teaspoonfuls of baking powder, rub in one table-spoonful each of butter and lard, then add one egg well beaten and mixed with enough milk to make a soft dough. Roll out half an inch thick, spread with softened butter and bake in a biscuit pan in two layers. When done spread the prepared cherries between the layers and over the top.

FROZEN CHERRY PUDDING

3 cupfuls of milk	1½ cupfuls of sugar
½ cupful of rice	½ teaspoonful of salt
3 cupfuls of fresh cherries	

Put the milk in the top of a double boiler; add the well-washed rice, and steam for one hour and a half. Add the sugar and salt. Wash and pit the cherries; chop fine, or put through a food chopper. When the rice is cold add the cherries, and freeze at once. The amount of sugar must be guided by the kind of cherry used.

CHERRY PIE

1 quart sour cherries	few drops almond extract
1 cupful granulated sugar	3 tablespoonfuls flour
few grains salt	rich pie crust

Mix together the sugar, salt, and flour, line a pie-plate with pastry, spread over half of the sugar, place on the cherries, which should be pitted, add extract, and sprinkle the rest of the sugar mixture over the cherries. Wet the lower crust around the edge, put the upper crust in place, press firmly together, and then loosen from the pie-pan. Bake for ten minutes in a rather quick oven, then reduce heat and cook slowly for a half hour longer.

CHERRY WINE

Take four quarts of fruit, either sweet or sour, place in a mortar and slightly bruise without crushing the stones. To this add three quarts of water and let stand in a jar forty-eight hours. Strain, and to each four quarts of juice add three and one-half pounds of sugar if the fruit is acid, or three pounds if sweet. Fill into jugs, reserving a bottle of the liquid with which to keep the jars filled while fermenting. The openings of the jars should be kept covered with a thin cloth. After the fermentation ceases, cork tightly and keep in a cool place for three months; then drain off carefully and bottle.

CRUSHED CHERRY CUP

Cover three cupfuls of cherries with sugar and let them stand for two hours. Add to them the juice and pulp of two lemons, a shredded pineapple and one-half pound of chopped marshmallows. Sweeten again if necessary. Serve in sherbet glasses after the fruit has been well chilled.

CHERRY CORDIAL

Two quarts cherries, three pounds sugar, put into a gallon jug, which is then filled with cold water. Tie a piece of cheesecloth over top and put away for six months or more, then bottle.

CHERRY PUFFS

$\frac{1}{2}$ cupful butter	1 cupful milk
2 tablespoonfuls sugar	2 tablespoonfuls baking powder
1 cupful pitted cherries	2 cupfuls flour
1 egg	

Cream butter and sugar, and add the beaten egg, then the milk and flour sifted with baking powder and last of all the cherries. This makes six large puffs. Put into buttered cups and steam one-half to three-quarters of an hour. Serve with a sauce.

CHERRY GELATIN

Soak one tablespoonful granulated gelatin in one-fourth cupful cold water, dissolve in one-fourth cupful boiling water, and add one and one-half cupfuls cherries, which have been stoned, cooked and sweetened to taste, and one-half cupful juice. When mixture begins to thicken, add the stiffly beaten whites of two eggs and a few grains salt. Turn into a mold, first dipped in cold water, and chill. Serve with cream.

CHERRY PUDDING NO. 1

Butter a mold and fill two-thirds full ripe cherries. Make a batter of one-quarter cupful butter, one-half cupful sugar, one well beaten egg, one-half cupful milk, one and one-half cupfuls sifted flour, three teaspoonfuls baking powder and a little salt. Beat until light, pour over cherries in mold, put on tight fitted cover and steam one and one-half hours. Serve with sauce made as follows: Cream one-third cupful of butter, one cupful powdered sugar, add beaten white of an egg and one-quarter cupful of strained cherry juice.

CHERRY PUDDING NO. 2

Beat one egg yolk until light, add one-third cupful sugar, beat, and add two tablespoonfuls melted butter. Mix, and sift twice, one and one-fourth cupfuls flour, two teaspoonfuls baking powder and one-fourth teaspoonful salt. Add alternately with one-half cupful milk to first mixture. Stir in one cupful cherries, stoned and cut in halves. Turn into a buttered and floured cake-pan and bake. Serve with two cupfuls hot stewed and stoned cherries, sweetened to taste and hard sauce.

Hard sauce: Cream one-third cupful butter, add gradually one cupful powdered sugar, then carefully fold in one egg white, beaten stiff, and one-half cup beaten cream. Flavor with one-half teaspoonful vanilla.

PICKLED CHERRIES

Pour three cupfuls of vinegar into a sauce-pan, add one-half cupful of brown sugar, one tablespoonful of whole cloves and twelve blades of mace, boil five minutes, cool and strain. Fill glass jars with three quarts of firm sour cherries, pour in the spiced vinegar and seal at once. Do not stone the cherries.

SPICED CHERRIES

1 pound pitted cherries	$\frac{1}{2}$ teaspoonful whole cloves
$\frac{1}{2}$ cupful cider vinegar	$\frac{1}{2}$ teaspoonful whole cinnamon
$\frac{1}{2}$ pound brown sugar	

Heat all but fruit to boiling point and drop in pitted cherries. Cook fifteen minutes, fill glasses, and pour over hot spiced syrup. Seal.

CHERRY AND CURRANT JAM

3 quarts red cherries	sugar equal in measure to
1 quart currants	the combined fruits

Pit the cherries, stem the currants and mix thoroughly with the sugar. Add one tablespoonful or more, according to the taste, of the cherry pit meats. Boil for fifteen or twenty minutes and pour into jelly glasses, leaving a few of the pits in each jar. This is excellent with steamed puddings.

FROSTED CHERRIES

Select firm, ripe cherries having the stems attached, drop them into the white of an egg beaten

to a foam, roll in powdered sugar and chill thoroughly on ice.

CHERRY DUFF

4 cupfuls pitted cherries	4 teaspoonfuls baking powder
2 cupfuls sugar	
1 teaspoonful vinegar	1 teaspoonful salt
1 tablespoonful butter	$\frac{3}{4}$ cupful milk
	2 cupfuls flour

CHERRY SAUCE

1 $\frac{1}{2}$ cupfuls pitted cherries	$\frac{1}{2}$ glass currant jelly juice
$\frac{1}{2}$ cupful water	and rind of $\frac{1}{2}$ lemon
$\frac{1}{2}$ cupful sugar	1 inch stick cinnamon

Cook all ingredients until syrupy. Strain and serve.

PRESERVED CHERRIES

4 pounds cherries
4 pounds sugar

Wash cherries, remove stems and stones. Cover cherries with sugar, let stand two hours; then set on stove, and bring slowly to the boiling point. Cook until cherries are tender. Fill jars first with cherries, then with syrup. Seal.

CANNED CHERRIES

4 pounds cherries
 1½ pounds sugar

Place cherries and sugar in preserving kettle and let stand two hours. Cook until tender, fill sterilized jars and seal.

¼ cupful flour	½ cupful maraschino cher-
½ cupful sugar	ries cut in halves
¼ teaspoonful salt	

Mix cornstarch, flour, sugar and salt. Dilute with cold milk and add beaten yolks, then add gradually to scalded milk and cook fifteen minutes in double boiler. Add cherries, pour into a buttered shallow pan and cool. Turn on a board, cut in pieces, dip in flour, egg and crumbs, fry in deep fat and drain. Serve with sauce.

COTTAGE CHEESE AND CHERRY DESSERT

Arrange lady fingers or slices of plain cake on a dish with deep sides. Fill the center with cottage cheese to which has been added a pint jar of preserved cherries drained dry. These should be arranged as in a charlotte russe.
